# DINAS 2026 Welcome Pack

**DONT MISS OUT!**

**SAMPLE SALE**

**DOGS IN NEED EXCLUSIVE**

**21/08/26 - 9:30AM**

**PAWS Trading**

The graphic features a photograph of a crowd of people at an outdoor event. Overlaid on the image is a large yellow banner with the text "SAMPLE SALE" in white, bold, sans-serif font. A black diagonal banner across the middle of the yellow banner contains the text "DOGS IN NEED EXCLUSIVE" in yellow, bold, sans-serif font. Below the yellow banner, the date and time "21/08/26 - 9:30AM" are written in black, bold, sans-serif font. In the bottom left corner, there is a black paw print with the letters "P", "A", "W", "S" in white, and the word "Trading" in yellow. To the right of the paw print is a cartoon illustration of a brown and white dog running, holding a green leash in its mouth. Below the dog are several dog toys: a green ball, a purple ball, a black ball, a black and white ball, a red and yellow ball, and a black and white ball.

# DINAS 2026 Welcome Pack

emmi<sup>®</sup>PET

Patented technology

**100%**  
ultrasound toothbrush

## How it works?

emmi-PET, with its unique and patented dental care system is now setting a new trend for a completely new kind of dental cleaning and oral hygiene. It is gentle, motionless and does not involve brushing or any abrasive action!

This revolutionary method is based on a globally unique patent - the Ultrasonic Piezo-Chip created by emmi-DENT. This Piezo-Chip sits in the head of the ultrasonic toothbrush and generates up to 96 million ultrasonic waves (air vibrations) per minute.

These ultrasound waves are then transferred, via the bristles of the toothbrush head, onto emmi-PETs specially formulated toothpaste.

At this point, 'micro bubbles' are generated which react with the air vibrations and implode. These implosions effectively eliminate and remove food particles, plaque and bacteria from within your pets mouth.
